

Middle School and High School Clubs @Cary

The Cary Memorial Library is delighted to provide space and opportunities for Lexington High School and Middle School clubs to demonstrate and share their interests with library patrons. To be considered for this opportunity, clubs must submit a brief application **no less than four weeks** prior to their first desired event date. The Teen Services Manager will review all applications within one week of receiving them, and immediately notify clubs of the library's decision. Please note: a limited number of club applications will be accepted each year. Clubs must provide all information needed for advertising of their approved event no less than two weeks prior to the planned event. The decision of the staff regarding the approval or denial of all applications is final.

Middle School and High School Clubs @Cary Application
