Glue or tape a piece of construction paper into a tube that fits snugly around the plastic egg.

Decorate your rocket with paper, foil, markers, & glue.

Make an alien to pilot your rocket from the wooden bead. I like to add antenae made from pipe cleaners.

You will need:
- Cardboard tube
- paper
- a large bead
- pipe cleaners
- googley eyes (optional)
- plastic egg (should fit snugly in the top of the tube)
- scissors
- glue or glue stick
