

catch a RAINBOW! for your window

You will need:

- stiff cardboard
- contact paper
- colorful translucent tissue paper or cellophane
- yarn or string
- scissors
- glue or glue stick
- markers

- 1 Cut 2 hearts (or other shape) from cardboard. Cut out the center from both.
- 2 Peel the backing off one sheet of contact paper and lay it on the table, sticky side up.
- 3 Stick strips or pieces of tissue or cellophane to the contact paper to make a rainbow.
- 4 Peel the backing off the other sheet of contact paper. Sandwich your rainbow between the contact paper pieces, sticky sides together.
- 5 Glue the contact paper sandwich between the cardboard hearts. Trim off any contact paper sticking out.
- 6 Decorate the cardboard heart with markers and any other art supplies you have at home.
- 7 Use a piece of string to hang your rainbow in the window!
